Program/Department student learning outcomes assessed:

The program student learning outcomes as approved by the Ohio Board of Regents state that this course meets the fourth assessment. The intern fills out an individual In-School Internship Plan, and the University Supervisor and student reach a mutual agreement about what will be observed and assessed.

The fourth and fifth assessments in this course, having to do with the endorsement candidate's effect on K-12 learning, consists of an observation protocol and specific assignments to demonstrate evidence of successful teaching, and is administered to those receiving the Endorsement, in EDIS 796, Field Experience in the Education of the Talented.

Additional information:

About the University Supervisor Observation. University Supervisor (Dr. Groman/I) observes the intern from 1.5 to 2.0 hours, completes an observation form and returns it to the graduate student with comments via Blackboard. You and I can talk over the Observation at the Resource Notebook meeting, or you may discuss the results immediately after the observation via phone or during Zoom office hours. ***Observation Sessions should be scheduled for a time during Weeks 6-9.***
