Acknowledging receipt, Jennifer. So pleased to learn that you were able to tackle the edits et al. now rather than later. Great because we should now be able to consider your manuscript for the first issue of 2021, scheduled for the summer. I look forward to reviewing it and will be back in touch.

Thank you for your Mother's Day well wishes. Yes I am a mother. Hope your day was meaningful as well whether or not you are a mother or perhaps if your mother is still living. It is a very special day set aside to honor all the mothers as well as those who have "mothered" others, including our canine, feline, and other companions.

All best,

Marcie

Subject: DOI corrections to previous submission

Hello Marcie -

I hope you had a nice weekend, and if you are a mother, that you had a great Mothers Day..

I noticed a few DOI issues with my Friday submission, this draft updates to those.

Thank you!

Warmly,

Jennifer
